

Workshop on Diet, Physical Activity and Cancer (DIPAC)

14th, 15th March 2019

POST-EVENT FACTS AND FIGURES

Guests were contacted via direct invitation only.

54 different people attended. The group consisted of members of the Onconet partnership, as well as representatives of 14 institutions or companies.

Signatures were collected for all sessions. Attendance documents certify that:

- 40* people attended the morning session (March 14th), on Nutrition
- 43* people attended the afternoon session (March 14th), on Physical Activity
- 15 partner members attended the technical meetings on March 15th

Keynote speakers were leaders in their academic fields. There were 5 in the morning session and 4 in the afternoon session.

Electronic certificates of attendance were sent via e-mail.

Post-event dissemination was carried out via the ICO intranet, public website and ONCONET website.

All presentations and interventions were safed and conveniently recorded, with the agreeance from the speakers, in order to proceed to the elaboration of a White Book on Nutrition, Physical Activity and Cancer.
